3. Use the Rosen material swatch ring ( Part# AP1061) and determine the color code needed **BEST TO CHOOSE 2-3 COLOR OPTIONS** as not all colors are available. Shapes vary and may be different than your OEM application!

4. Order the appropriate GK Headrest Kit, for the color you need, AND the corresponding posts for your vehicle application (Final assembly will be required).

5. When you receive your headrests and posts, check the fit of the posts in your vehicle. If correct, assemble posts onto the headrests

**NOTE:** Make sure to check headrest and post stock availability when ordering!

**NOTES:**

A. Post notches may be different than your application. Look at where the notches are (Left Inside/Outside, Right Inside/Outside).

B. **IMPORTANT:** The 2-piece posts must be installed properly so they provide the proper forward angle to the headrest. Make sure to install into the proper spacing indent. If you have received 1 -piece posts then disregard the first notes and install in the same manner and angle as the ones you are removing.
